MEMBERS OF CONGRESS WILL BE HERE TOMORROW MORNING

TO ARRIVE ON SPECIAL TRAIN AND REMAIN FOR TWO HOURS

VISITORS WILL HAVE BREAKFAST AT CLARENDON AND BE ENTERTAINED WITH RIDE IN AUTOMOBILES.

The members of congress and other dignitaries from Washington, who have been attending the big Over - sea celebration at Key West and are now on their way back to the capital, will be in Daytona at 7 o'clock tomorrow morning and remain here for a little over two hours.

The visitors will be entertained with special complimentary breakfast at the Hotel Clarendon, being taken to the beach in automobiles immediately after their arrival on the special train, and immediately following the breakfast they will be taken for an automobile ride on the peninsula, on the beach, through the streets of Daytona and over as much of this section of the country as the time will permit.

There will be about 30 persons in the party, some of the members having taken a route around from Key West to Tampa and north by rail from that place.

Believing the visit of these prominent men to Daytona at this time offers a splendid opportunity to show Daytona off to advantage and a good chance to advertise the city the matter has been taken in hand by the publicity committee of the board of trade and the visitors will be shown as good a time as possible while in the city. Arrangements have already been made for automobiles to carry the party.

The party, which is in charge of Congressman Frank Clark, on this trip, spent the day today taking in the sights of Miami and Palm Beach and will arrive here some time during the early morning hours and the train will be sidetracked as soon as it arrives. The start for the Hotel Clarendon will be made promptly at 7 o'clock.

CONFERENCE WILL CONSIDER ALL PHASES OF CHILD LABOR

ALMOST EVERY STATE IN THE UNION WILL BE REPRESENTED IN GATHERING OF DELEGATES AT LOUISVILLE.

LOUISVILLE, Ky., Jan. 25—Delegates from the child labor committees of almost every state in the Union are here to attend the eighth annual conference of child labor, which will open this evening under the auspices of the National Child Labor committee. Morning, afternoon and evening sessions will be held Friday and Saturday, and the conference will come to a close Sunday afternoon with a monster mass meeting, which will be presided over by ex-Governor Wilson.

The subject for discussion at this meeting will be "The American Child Exploitation vs. Education," and speeches are scheduled to be delivered by Senator William E. Borah of Idaho, John Mitchell, former president of the United Mine Workers of America; Dr. E. T. Devine of New York, and Hon. P. P. Claxton, U. S. commissioner of education.

The regular session of the conference will be addressed by many prominent educators, philanthropists, and sociologists, including Dr. Felix Adler, Mrs. Florence Kelley, general secretary of the National Consumers League; Dr. L. P. Ayres of the Sage foundation; Prof. Samuel Landsay, and Hon. C. S. Barrett.

The subjects concerning child labor that will be dealt with include: The efficiency of the elementary school as a foe to child labor; the regulation of the street trades with reference to child labor; industrial training and vocal guidance; the unreasonable industrial burden imposed upon women and children; the relation of the rural school and child labor reform; compulsory education, and federal aid to education.

BURGESS AS PILOT OF BIPLANE

MAKES FIRST FLIGHT TODAY FROM BEACH NEAR CLARENDON

DAILY FLIGHTS WILL BE MADE FROM BEACH WHEN WEATHER PERMITS DURING THE NEXT TWO MONTHS.

Impressed with the splendid opportunities offered by the famous Daytona beach as an aviation field and determined to start the flying exhibitions which are to be given here during the remainder of the winter, W. Starling Burgess, the noted aeroplane builder and aviator, was scheduled to make the first of the series of flights on the beach near the Hotel Clarendon today.

Mr. Burgess, together with Mrs. Burgess and Patrick Grant, son of Judge Robert Grant of Boston, has been here several days awaiting the arrival of the aeroplane with which the passenger carrying flights are to be made from the beach. The big biplane arrived yesterday and was immediately taken to the hangar near the Clarendon, assembled and made ready for the first flight today. The aeroplane will be here for two months, and, weather permitting, will make daily flights from the beach, carrying passengers.

The biplane, which is named "The Moth," to be used in the flights here is a noted one, being the one used by Harry Atwood in his famous cross country flights from Boston to Washington last July. At that time Atwood made a landing at the White House before the president. Later "The Moth" was wrecked in a severe storm but was later repaired in time to take part in the epoch-making hydroplane flights and naval maneuvers off Marblehead last fall.

The machine is a 40-horse power biplane with 40-feet wing spread, driven by twin screws and carries a crew of two. She is a sister machine of the famous No. 20, which, piloted by Lieut. Tom Milling, won the tri-state flight and $5,000 prize in New England last summer and later the world's passenger endurance record at Nassau.

Beginning tomorrow the machine will be piloted by Philip W. Page, a licensed pilot of the Aero Club of America, and one of the Burgess staff of aviators.

The flights each day will be made at low tide and all persons are warned to keep out from under the aeroplane when it is flying over the beach, to prevent the possibility of accidents.

FOUND ROADS GOOD BETWEEN THIS CITY AND TITUSVILLE.

Chas. A. Bosley, a Daytona visitor for the past two months, left here Wednesday morning in a Cutting car for Miami. Mr. Bosley agreed to furnish this office with information as to the condition of the roads as he found them and his first card, written from Titusville, is given herewith.

"Arrived here (Titusville) at 11 a. m. Roads good. No trouble and used no chains. They are working the roads now at places between Oak Hill and Titusville. Am leaving for Fort Pierce and Palm Beach at 11:30."

COBURN'S BIG MINSTREL SHOW PLEASES DAYTONA AUDIENCE

BIG HOUSE GREETS PERFORMERS AT THEIR ANNUAL APPEARANCE AT DYTONA THEATER LAST NIGHT.

To the best house of the season to date the Coburn minstrels made merry last night and the show pleased.

The Coburn show is seen here so often that in a way people feel the show and the performers are a part of the town, and when the curtain goes up on the first part there is always a hasty review of the performers to find familiar faces. This year found an almost entirely new cast. Of the singers Leslie Barry, the interlocutor, and Allen Settle, a black face performer of last season, the bandmaster, George Brandman, the Mantell brothers with their marionette hippodrome and Tom Post, who is one of the principal comedians and who very ably fills the place of Hi Tom Ward of last season, and then some, are the only performers that have been with the show in the past several seasons. Charley Gano, the other principle comedian is a success and his work stands out well all through the performance.

Owing to necessary repairs that had to be made to the Coburn private cars in St. Augustine, the company was late in getting here and greatly inconvenienced in getting ready for the parade and the performance, owing to the fact that all trunks and properties had to be handled several times over in making the change. The car arrived here late last evening.

Another performance will be given this evening and with those who attended last evening boosting all day another big house will no doubt greet the performers this evening.

ALL TOWNS SHOULD BE CONSOLIDATED

OPINIONS ARE EXPRESSED BY SUBSCRIBERS TO DAILY NEWS

TOURISTS OBJECT TO THE SUGGESTION THAT VISITING AUTOISTS SHOULD HELP PAY FOR THE ROADS.

Editor Daily News:—Should visiting autoists build Florida roads? No, because they are guests of this country, they are invited here by broadcast advertising through the north and west, they get what they come for, a charming climate, fine roads and a most beautiful environment, provided with a large number of excellent hotels, churches, schools, clubs, places of amusement, 20 miles of granolithic sidewalks and the most beautiful street in the world, shaded by the original random trees of the primeval forest as they stood before the city was laid out. In this respect Daytona has a distinction all its own, in a class by itself, and different from any other town in the world.

Many of your tourists come from cities where many millions have been expended upon public parks containing thousands of trees exactly alike and set out with mathematical precision.

They drive through Daytona's beautiful and unique streets and say "this is the prettiest thing I have ever seen on two continents and I have been everywhere." That settles the question of a winter residence. They tell their friends in the north and others come and build cottages or settle in a hotel to stay until the northern snows are gone.

Daytona is in the "resort" business and well started, too, and no man can predict its growth in the next two or three decades, with its able and public spirited civic bodies, and it is perfectly evident that "Greater Daytona" must soon be composed of so much of the East Coast as lays between Ormond and Port Orange and from the back hammock to the rolling surf.

A union of the half dozen towns would strengthen all, save much expense in administration, enhance the value of property in all the districts and you will not have to live very long to see a city of 20,000 inhabitants, and of course it will be the county seat.

What has all this to do with making tourists build their own roads? It is the solution of the whole question.

The public spirited citizens of Daytona are building up a great "resort" and nothing can stop them, not even a bit of muddy road in Holly Hill. There is a way to fix that and it will be done if necessary, but don't ask tourists to repair the road and hold them up and solicit ten dollars to help out the poor little town as has been done while driving through it.

Why not call a convention at once of all the officials of the six towns, to talk over the whole subject and arrange details for consolidation.

TOURIST.

For Greater Daytona—

Editor Daily News:—Daytona, Daytona Beach and Seabreeze should unite and form one city. These three municipalities, with Kingston to complete the square, would make an ideal site for a large, beautiful and prosperous city. Geographically and topographically the four towns appear admirably fitted for such a reunion.

The new city thus formed would have population and wealth enough to command more attention, influence and patronage than they can acting separately. Such a city would probably secure from the government an appropriation for a postoffice building and a provision for the free delivery of the city mail. It could secure better transportation facilities both by rail and water than exist at present.

Why should this community pay excessive freight and passenger rates, when it has the ocean on one side and a navigable river through the center of its territory?

A pier at Daytona Beach and a little dredging in the Halifax river would insure the landing of steamers and other craft from Atlantic and

Caldwell, Dec. 20, at the age of 81 years and 1 months, of senility. She was born in Connington, Mass., in 1831 and was married to John Lettenmayer in 1852. To this union was born five children, three sons and two daughters. Only two of these survive, Charles Lettenmayer and Mrs. Emma L. Caldwell, also three grandchildren, Geo. E. ORMOND

ORMOND, Jan. 24.—An ordinance has been posted at the town hall and postoffice, relative to the laying of some two and one-half miles of sidewalks within our town. This is an important ordinance and all property owners will do well to read the same, for while the laying of cement walks means an expense to each property owner thus affected, it will at the same time not only enhance the value of said property, but add very much to the improved conditions of our town. Street signs will be put up in the town as soon as walks are laid, so that by another year, Ormond will show signs of advancement, as much of this improvement will be done during the coming summer.

Another ordinance posted and which will eventually be a benefit to Ormond is the extending of Palmetto street (the river road) north, across the Hernandez grant, connecting with the John Anderson boulevard, which will give automobiles a more direct run from St. Augustine through Ormond and Daytona to New Smyrna.

Mrs. J. C. White and Mrs. Parker of Whitinsville, Mass., are guests of J. A. Sturtevant on the peninsula.

Mr. and Mrs. Geo. H. Sage, who recently purchased part of the J. F. Vining property, South Ormond, gave a luncheon last Sunday at the Rivulon Inn, at which Mr. and Mrs. J. E. Francis were the honor guests.

Mrs. N. A. Crim of Galion, Ohio, who will be remembered by the ladies of the V. I. A., is stopping this winter at the Inn.

Henry Wells of Glastonbury, Conn., is the guest of Mr. and Mrs. J. E. Francis.

The Washington Special, enroute to Key West to attend the celebration of the opening of the oversea extension of the Florida East Coast railroad passed through Ormond last Sunday evening. Another section containing Gov. Gilchrist and many Jacksonville merchants followed the Washington Special and after stopping at the Ormond hotel for dinner the party proceeded southward on their journey.

Mrs. H. A. Gray of St. Paul, known to some of our Ormond friends, is stopping at the Rivulon Inn and will be joined later by Mr. Gray.

The first dance of the season at the Ormond hotel will be given at the casino Saturday evening.

Mrs. Samuel J. Jay of St. Paul, Minn., has engaged rooms at the Rivulon Inn and will remain until April.

Geo. H. Sage has purchased another hundred feet frontage of the J. F. Vining property adjoining Chas. Cook's on the river front, South Ormond.

Miss Nellie Foulke, Miss Mary E. Green and Mrs. Middleton, of Philadelphia, Pa., are guests of Miss Ella Foulke.

Nerves of Genius.

Many of the men whose names we revere today in science, art, literature and poetry suffered from emotional disturbances, resulting in nerve storms or outbursts of mental violence, which can only be described as supersensate mania. The poet Cowper had strong suicidal tendencies, yet he wrote "John Gilpin" when suffering from intense melancholia. Shelley had an insane ancestry, and at Eton he was called "Mad Shelley." Charles Lamb had to be placed in an asylum, and his sister Mary stabbed her mother to the heart while insane. Wordsworth and his sister Dorothy are almost a parallel to Charles and Mary Lamb. At the age of thirty Coleridge was broken down, and he died a wreck at sixty-two. Southey came of an insane stock. The mother of Richard Brinsley Sheridan, the dramatist, died demented at forty-two. Pope was deformed and rickety, and Keats was neuropathic to his finger tips. Byron's mother was unbalanced, and so was his maternal grandfather.—London Globe.

Value of Deep Breathing.

Writing on the cultivation of physical fitness in the Herald of the Golden Age, Eustace Miles says that those who have mastered the art of deep and full breathing are thereby enabled to master their emotions—they can overcome pain and secure control of the mind and of the circulation of the blood. The control of the breathing prevents one from becoming hurried and flurried, and one acts leisurely, although not lazily. Breathing can be adapted to various needs—for instance, in producing warmth or the opposite effect—or one can breathe in order to become more sensitive. In fact, the all round value of deep and full breathing cannot be overestimated. Of all physical practices this is the first and foremost and one that can be regulated without being in the least conspicuous. If you have learned how to breathe deeply and fully people may not suspect it—they only notice that you are calm, poised and good tempered.

He Had Told It.

Next to Joseph Chamberlain, Birmingham honors no citizen more than Jesse Collings. In politics and friendship Mr. Chamberlain and Mr. Collings have been inseparable for many years. They even shared their platform anecdotes, and in regard to one story they arranged that when both were taking part in a meeting the first speaker was entitled to its use.

It so happened that Mr. Collings arrived late at a meeting one night, but was due to speak before Mr. Chamberlain. As he was launching out into the story he felt his coattail pulled, and a voice behind him whispered, "I've told it." So Mr. Collings desisted, but what was his surprise to hear Mr. Chamberlain tell the story as soon as he got on his legs. "I thought you said you told it?" he asked afterward. "So I had," replied the imperturbable Joe, "but not tonight."—Pall Mall Gazette.

As We Speak It.

A German who had come to America to master our language was being shown behind the scenes of a vaudeville theater by one of his American friends. "That man," said the American, indicating an actor with a wave of his hand, "is taking off his make-up to make up for another take-off." The German departed, sputtering.—Success.

Not Always.

Opportunity doesn't always present an engraved calling card.

ALL TOWNS SHOULD BE CONSOLIDATED

(Continued from first page) other ports engaged in coastwise trade.

The new city should own and maintain the bridges across the Halifax and make them free, thus saving time and money to its people and facilitating travel, and traffic between the different sections of the new municipality. The new city should operate its police, its electric lighting, its water works and public works and public schools more efficiently and economically than can be done while each city acts separately.

The present cities could be made wards of Greater Daytona and thus retain their identity and individuality so far as is necessary for their local civic ambition to become populous, prosperous and beautiful. It appears to the writer that nature has done all that could be desired to make the proposed site of the new city an ideal spot for the greatest health and pleasure resort on this continent. This thought has prompted this article.

ANOTHER TOURIST.

Be Honest With Children.

It should need no long discussion to convince parents that, if they want their children to be honest and straightforward, they must be honest and straightforward in dealing with their little ones. Children are such arrant imitators that it behooves their elders to set the best example for them in speech and action.

CHARLEY GANO SPRINGS ONE ON MANAGER COBURN.

Charley Gano, principal comedian with Coburn's Greater Minstrels at the New Daytona theater tonight, tells one on his manager.

Gano as well as Manager Coburn are of comfortable size and girth, in fact could easily enter in the fat men's club without question.

While parading in a neighboring city, a young lady standing with friends who knew "Cobe," sang the refrain to him "Nobody Loves a Fat Man." Embarassed but game, the minstrel man sang back "None of the Fat Men Care." which evened matters temporarily, but furnished material for continuous kidding among the company ever since, and "Cobe" is sore on the fat man subject. "Charley" Gano, new to the south, is a comedian who appeals immediately to that class of people who enjoy the performance of an entertainer of artistic and refined mannerisms. He does not resort to coarse or objectionable comedy to secure a laugh from his audience. Comedians who possess these characteristics, (like Gano,) and who are really funny—are unfortunately few and far between. Cano is one of the few, and is a finished performer, versatile to a degree, and a gentleman.

PLANTATION TEA AT GUILD HALL A GREAT SUCCESS.

The Plantation tea given under the auspices of St. Mary's church guild at the guild hall on Orange avenue, Wednesday afternoon and under the management of Mrs. Celeste Hinks, proved a very popular and successful affair, the hall being crowded throughout the afternoon.

Tea and coffee, beaten biscuits and pound cakes were served, Mesdames W. M. Shaffner and M. L. Stanley presiding over the tea and coffee and the Misses Ada and Sarah Young waiting upon the tables.

Several of the ladies were costumed very becomingly as southern dames of olden times and a number of the younger ladies were dressed to represent negro women, the stage having been arranged in the semblance of negro quarters on a plantation. These darkey women entertained the visitors during the afternoon with songs and music, and Topsy gave a clog dance and was joined in a cake walk by another of the party.

There were also recitations by B. Bryan, an entertainer who is sojourning in the city. One of these was "The Darkey's Christmas Eve," the other, Mark Twain's "Toast to the Baby." Mrs. Hinks made an excellent Mammy Rachel and was constantly looking to the pleasure and comfort of those in attendance. About $40 was realized.

As We Speak It.

A German who had come to America to master our language was being shown behind the scenes of a vaudeville theater by one of his American friends. "That man," said the American, indicating an actor with a wave of his hand, "is taking off his make-up to make-up for another take-off." The German departed, sputtering.—Success.

ALL TOWNS SHOULD BE CONSOLIDATED

other ports engaged in coastwise trade.

The new city should own and sustain the bridges across the Halifax and make them free, thus saving time and money to its people and facilitating travel, and traffic between the different sections of the new municipality. The new city should operate its police, its electric lighting, its water works and public works and public schools more efficiently and economically than can be done while each city acts separately.

The present cities could be made wards of Greater Daytona and thus retain their identity and individuality so far as is necessary for their local civic ambition to become populous, prosperous and beautiful. It appears to the writer that nature has done all that could be desired to make the proposed site of the new city an ideal spot for the greatest health and pleasure resort on this continent. This thought has prompted this article.

Be Honest With Children.

It should need no long discussion to convince parents that, if they want their children to be honest and straightforward, they must be honest and straightforward in dealing with their little ones. Children are such arrant imitators that it behooves their elders to set the best example for them in speech and action.
